Modal Consequence - Lyrics by Scott Dispel & Ravensea

*i bear your footsteps on the earth where i sleep
awakened from my slUmber as you march towards defeat
whispers of your coming like the misT on the glEn
my ancieNt roots unearthed as i rise once again*

CHORUS:

*my bones they sing with warning...
my blooD, it carries the song...
my bones they sing with warning...
my blood, it carries the song...*

*you have crossed the threshold now repent for yoU sins
devouRed by the maelstrom, transformation bEgins
steel the heArt with courage, disbearteN the Dull blade
call the inward warrior Y our past self shall fade*

CHORUS:

*my bOnes they sing with warning...
my blood, it carries the song...
my bones they sing with warning...
my blood, it carries the song...*

*i have entrUsted you With a sacred truth
a gIft to arm and guide you through
the path before you hoLds rewards you may earn
go forth with hero's bLessings, to the earth my roots return*

Temptation - Lyrics by Ravensea & Scott Dispel

*riSing form you knees
with a breath of life renewed
you hunger to be free
with lustful Thoughts you bRood*

CHORUS:

*tear yourself away, now break away the chaIns
taste the fruit that's forbidden
indulge in the enchantment
succumb to the allure*

*open with wide eyes
to your potential and your power
heed your inner greed and guise
or enter the darkest tower*

CHORUS:

*tear yourself away, now break away the chains
taste the fruit that's forbidden
indulge in the enchantment
succumb to the allure*

*step forth to your destiny
champion of all nations
rule with pride and reV elry
with the tools of disgrace and tEmptation*

kneel
